Atelier Selection

Il basamento-scultura sorregge un piano personalizzabile in molteplici finiture e allungabile con pochi e semplici movimenti. Mentre moltiplica i posti a sedere, Arcus aumenta il proprio stile. Per chi vuole un tavolo d'effetto.

A sculptural base supports a top that can be customised in many finishes and extended in just a few, simple steps. Arcus increases its ability to seat people while enhancing its style. For those set on purchasing a stunning table.
